The Mini Slalom Series is a series of 3 warm up races in preparation for the 2023 season. The series is handicapped to allow to any competitor to win the overall race. Each class will have a handicap time in seconds that will be deducted from your actual race time. Competitors can compete in 1, 2 or all 3 races. Those that compete in all three races without winning a prize will be rewarded with race mug.

Safety

- On finishing their run, competitors **must** remain on the water to act as safety for the next two competitors **so that there are always 2 boats to act as safety whilst racing is in progress.**
- No safety boats are provided during free practice and we ask that full runs are taken to prevent obstruction of the course (by paddlers repeating a sequence of gates) and to give all paddlers a fair, unobstructed passage down the course.
- Each child must be accompanied by a parent, guardian or nominated adult who shall assume responsibility for the child throughout the time the child is at the event. Neither British Canoeing nor the event organiser will assume responsibility or be liable for a child who is unaccompanied or unsupervised. Note that while the definition of a child is a person under the age of 18, the statement applies particularly to children under the age of 16.
- **Participant statement:**
Please note that "canoeing and kayaking are "assumed risk"- "water contact sports" that may carry attendant risks. Participants should be aware of and accept these risks, and be responsible for their own actions and involvement".

Invasive / Non-Native Species

- If you are not a Stone paddler, please follow the British Canoeing guidelines to 'Check, Clean and Dry' equipment and kit to help prevent the translocation of foreign plants and animals between water systems.
- [British Canoeing Guidelines to Stop the Spread of Non-Native Species](#)
